25TH TOUR DE SUMMERLIN

Tour de Summerlin 2026 Marks a Milestone—25 Years Strong

We are deeply grateful to the sponsors, riders, and volunteers who have made this event possible every year since its start. From our very first ride in 2000, the Tour has been guided by the support and vision of the beautiful Summerlin Master-Planned Community and the Howard Hughes Corporation.

What began as a goal to create the most "rider-friendly" cycling event in the Southwest has grown into a tradition—25 years of challenging routes, community spirit, and unforgettable scenery.

This year, Tour de Summerlin 25 celebrates not only Nevada's stunning red rocks, desert hills, and sweeping vistas but also the riders and partners who have shaped a quarter-century of cycling excellence.
